# 1. GRAPHICAL USER INTERFACES

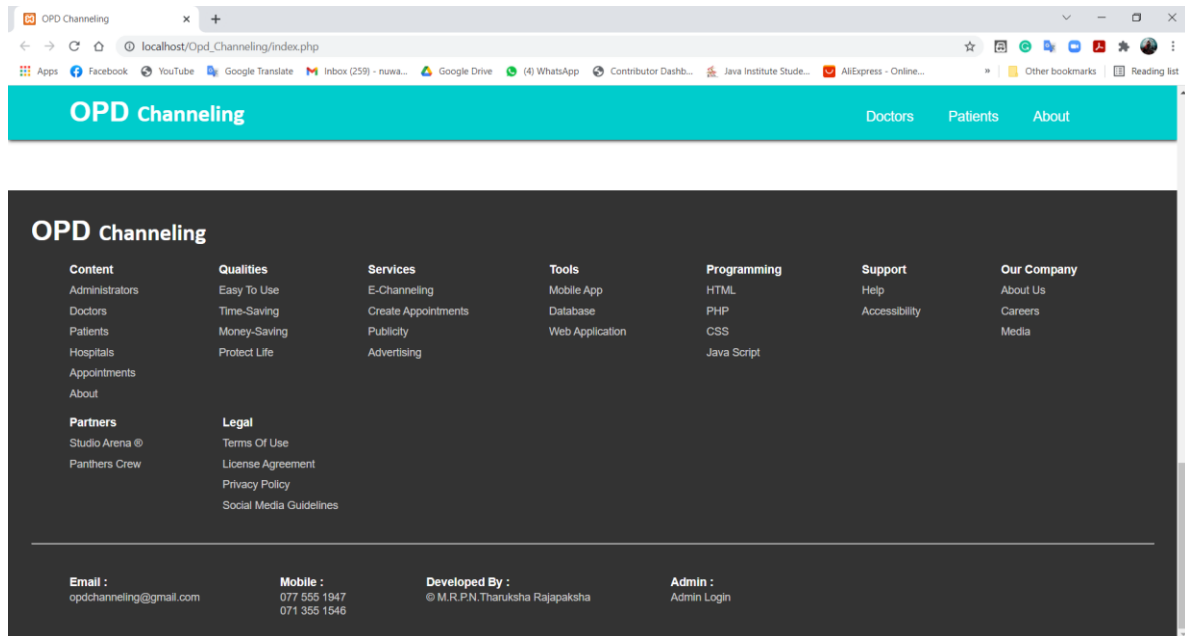

<div></div> <div><b>GRAPHICAL USER INTERFACES</b> H7E1 04/EX/03 FORM NO: H7E1 04/EX/03/FRM-01</div>	
1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha	2. GUI No : 1
3. Name of relevant use case :	
4. Title of the GUI : Index	
	
<b>01. Brief Description of the GUI:</b> <p>This is the first interface visible to anyone who accesses this Web application. This interface is the main interface of this Web application. This interface provides access to other interfaces.</p>	

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 2

3. Name of relevant use case :

4. Title of the GUI : Header Footer

### 01. Brief Description of the GUI:

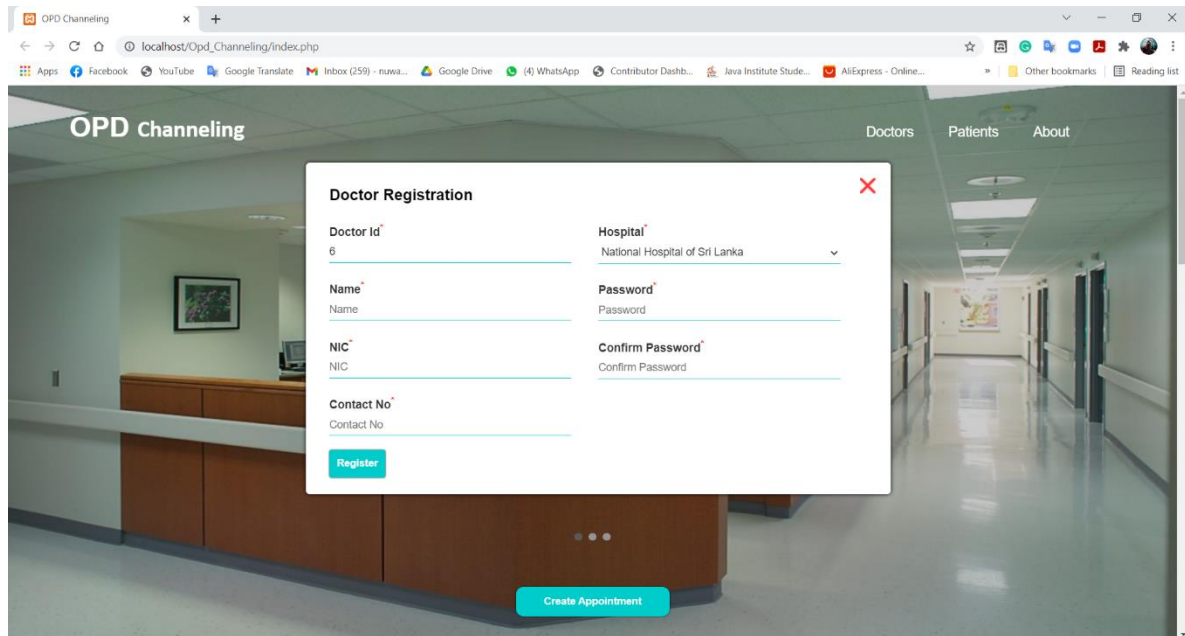

The header and footer of this web application display some of the details of this web application and provide some links to access some of the other interfaces of this web application.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 3

3. Name of relevant use case :

4. Title of the GUI : Doctor Registration

#### 01. Brief Description of the GUI:

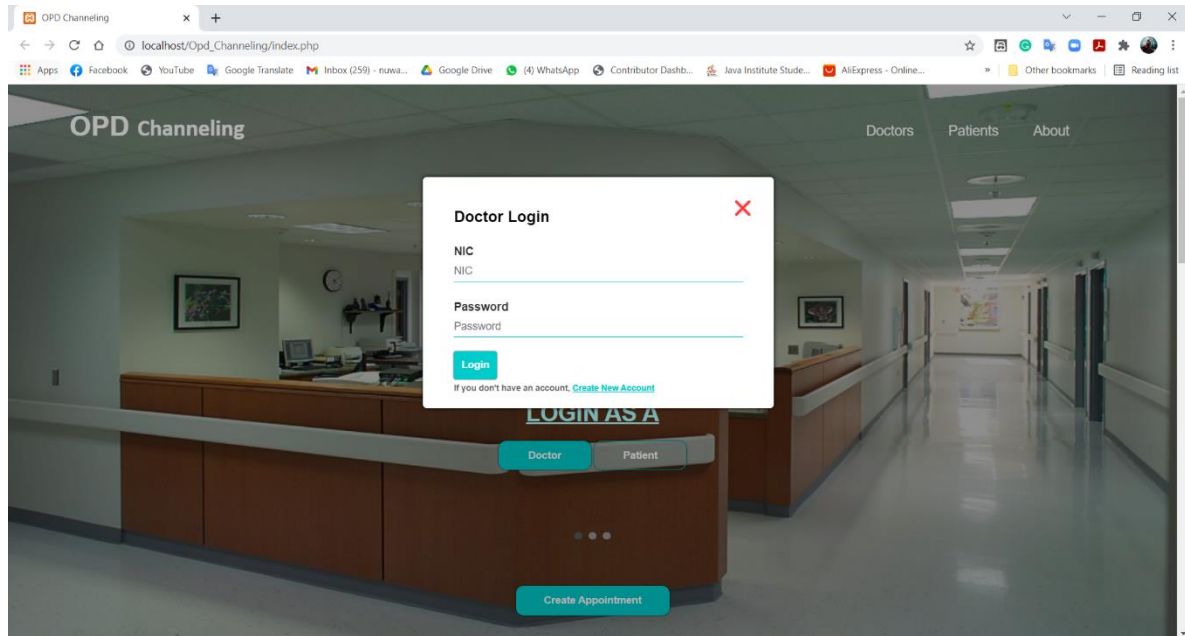

This interface is used to register new doctors. The "Register" button is used to verify and register the details entered by the doctor.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 4

3. Name of relevant use case :

4. Title of the GUI : Doctor Login

#### 01. Brief Description of the GUI:

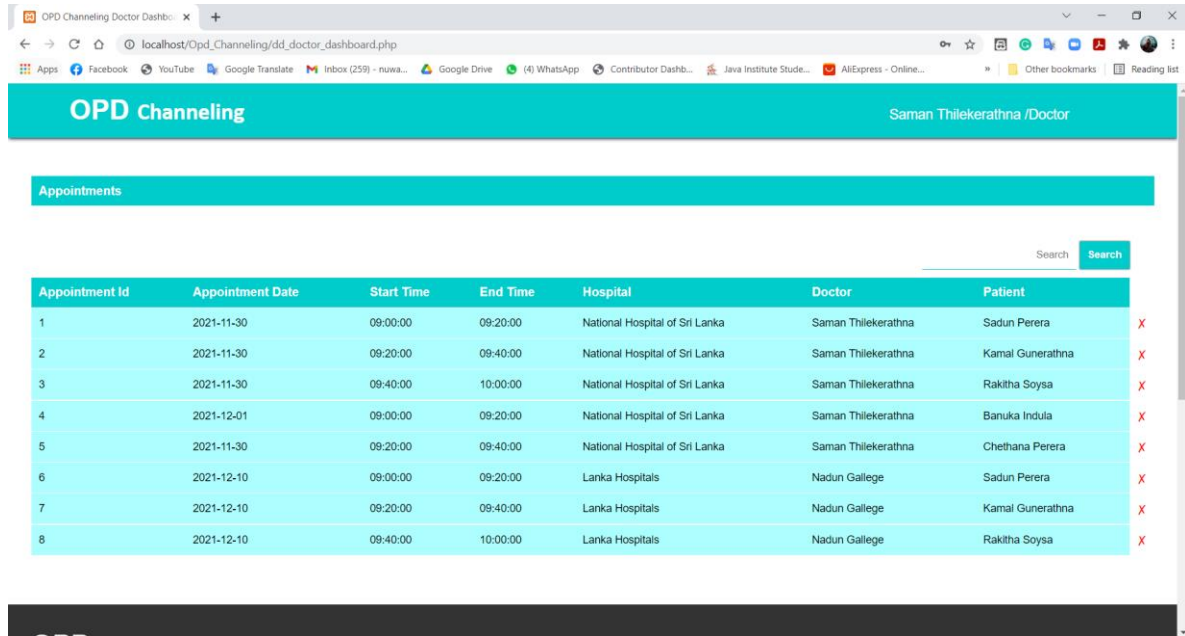

This interface is used to log in to the doctor dashboard. The "Login" button is used to verify the username and the password entered by the doctor and give the doctor dashboard access to the doctor. The "Create New Account" link is used to register a new doctor.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 5

3. Name of relevant use case :

4. Title of the GUI : Doctor Dashboard

The screenshot shows a web browser window displaying the 'OPD Channeling Doctor Dashboard'. The dashboard has a teal header with the title 'OPD channeling' and the user 'Saman Thilekerathna /Doctor'. Below the header is a section titled 'Appointments' with a search bar. A table lists appointments with columns: Appointment Id, Appointment Date, Start Time, End Time, Hospital, Doctor, and Patient. Each row has a red 'X' icon on the right for removal.

Appointment Id	Appointment Date	Start Time	End Time	Hospital	Doctor	Patient
1	2021-11-30	09:00:00	09:20:00	National Hospital of Sri Lanka	Saman Thilekerathna	Sadun Perera
2	2021-11-30	09:20:00	09:40:00	National Hospital of Sri Lanka	Saman Thilekerathna	Kamal Gunerathna
3	2021-11-30	09:40:00	10:00:00	National Hospital of Sri Lanka	Saman Thilekerathna	Rakitha Soysa
4	2021-12-01	09:00:00	09:20:00	National Hospital of Sri Lanka	Saman Thilekerathna	Banuka Indula
5	2021-11-30	09:20:00	09:40:00	National Hospital of Sri Lanka	Saman Thilekerathna	Chethana Perera
6	2021-12-10	09:00:00	09:20:00	Lanka Hospitals	Nadun Gallege	Sadun Perera
7	2021-12-10	09:20:00	09:40:00	Lanka Hospitals	Nadun Gallege	Kamal Gunerathna
8	2021-12-10	09:40:00	10:00:00	Lanka Hospitals	Nadun Gallege	Rakitha Soysa

### 01. Brief Description of the GUI:

This interface is used to manage all the activities of a doctor. Only the doctors who registered in this web application can access this interface using their username and a password. The doctors can manage their profiles and appointments using this interface. The "Search" button is used to search for an appointment and the red cross icon is used to remove an appointment.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 6

3. Name of relevant use case :

4. Title of the GUI : Doctor Profile

The screenshot displays a web application titled "OPD Channeling" for a doctor named Saman Thilekerathna. A modal form titled "Doctor Profile" is open, allowing the doctor to update their information. The form includes fields for Doctor ID, Hospital, Name, Password, NIC, and Contact No. A "Save" button is at the bottom left of the modal, and a "Change Password" button is next to the Password field. In the background, there is a table of appointments and a list of patients.

Appointment Id	Appointment Date	Time	Hospital	Location	Patient
1	2021-11-30				
2	2021-11-30				
3	2021-11-30				
4	2021-12-01				
5	2021-11-30				
6	2021-12-10				
7	2021-12-10	09:20:00	Lanka Hospitals	Nadun Gallege	Kamal Gunerathna
8	2021-12-10	09:40:00	Lanka Hospitals	Nadun Gallege	Rakitha Soysa

#### 01. Brief Description of the GUI:

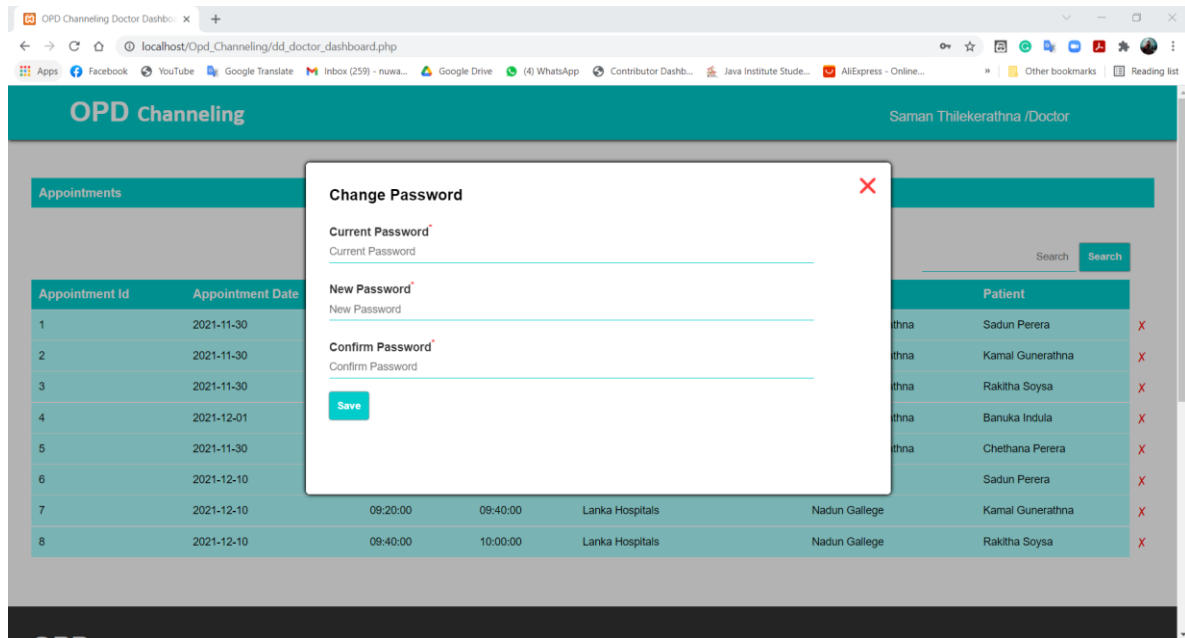

This interface is used to display and update the profile details of the logged-in doctor. The "Save" button is used to verify and update the profile details changed by the doctor.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 7

3. Name of relevant use case :

4. Title of the GUI : Doctor Password Change

#### 01. Brief Description of the GUI:

This interface is used to change the doctor's password. The "Save" button is used to verify and change the password of the doctor.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 8

3. Name of relevant use case :

4. Title of the GUI : Patient Registration

#### 01. Brief Description of the GUI:

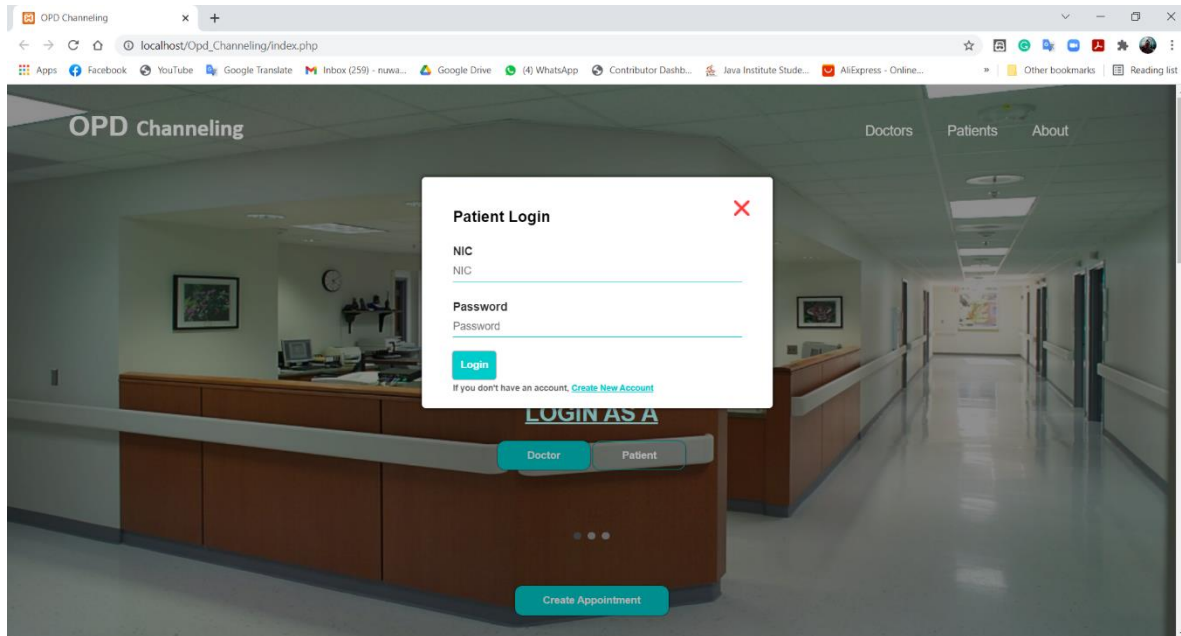

This interface is used to register new patients. The "Register" button is used to verify and register the details entered by the patient.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 9

3. Name of relevant use case :

4. Title of the GUI : Patient Login

#### 01. Brief Description of the GUI:

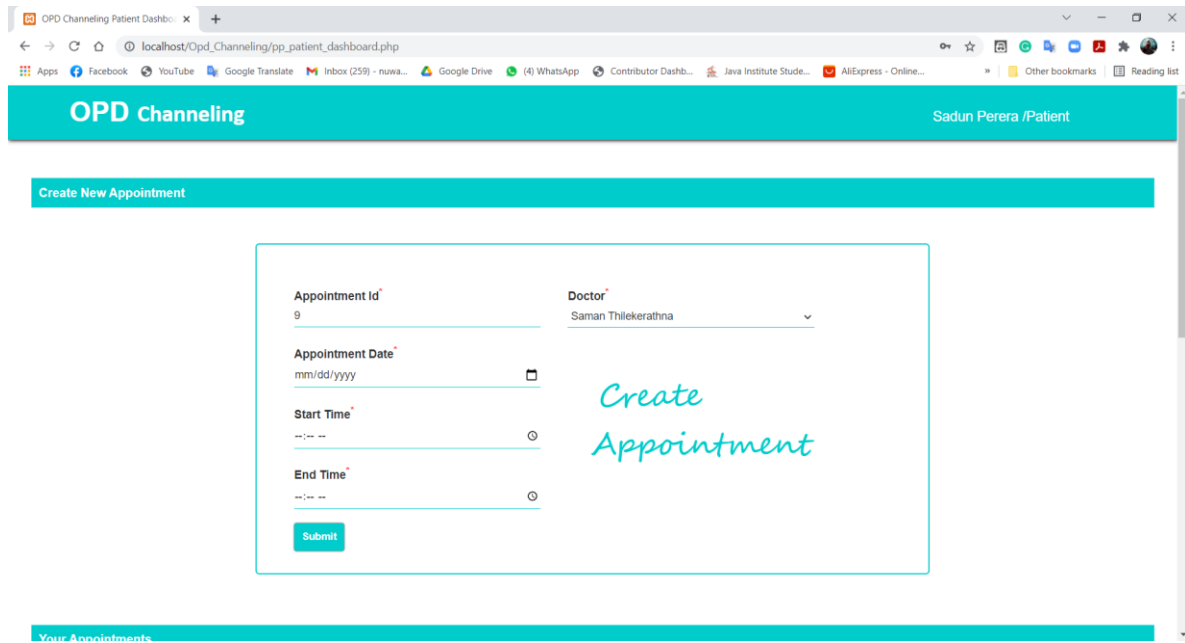

This interface is used to log in to the patient dashboard. The "Login" button is used to verify the username and the password entered by the patient and give the patient dashboard access to the patient. The "Create New Account" link is used to register a new patient.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 10

3. Name of relevant use case :

4. Title of the GUI : Patient Dashboard

#### 01. Brief Description of the GUI:

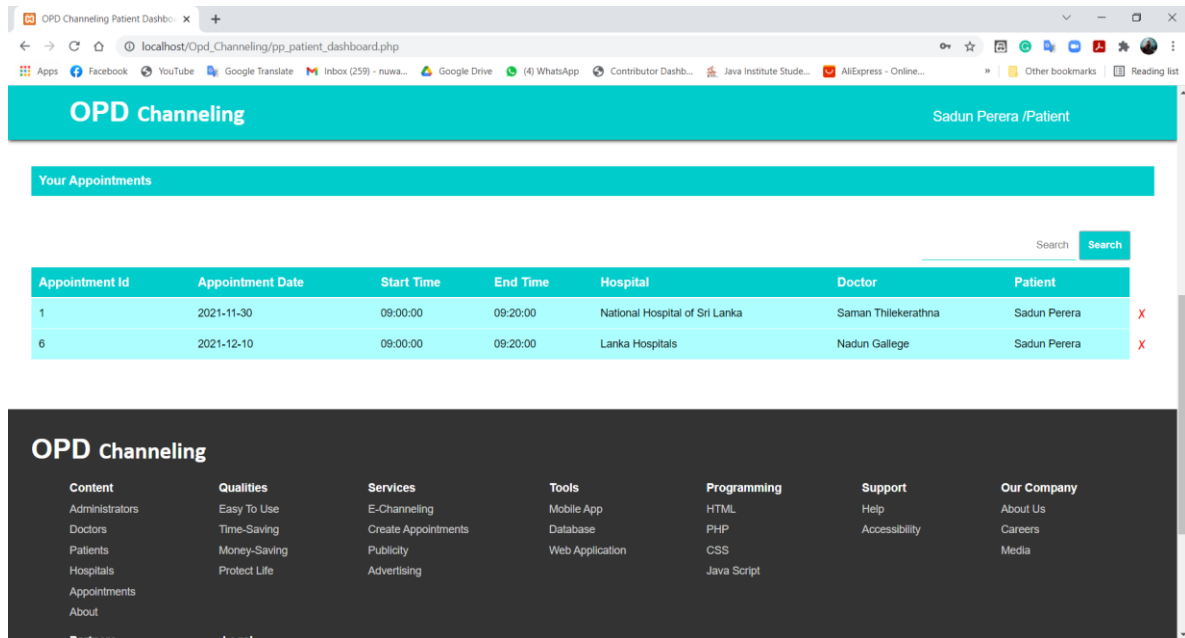

This interface is used to manage all the activities of a patient. Only the patients who registered in this web application can access this interface using their username and a password. The patients can manage their profiles and appointments using this interface. This shown form is used to create new appointments. The "Submit" button is used to verify and submit the details entered by the patient.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 11

3. Name of relevant use case :

4. Title of the GUI : Patient Dashboard 2

### 01. Brief Description of the GUI:

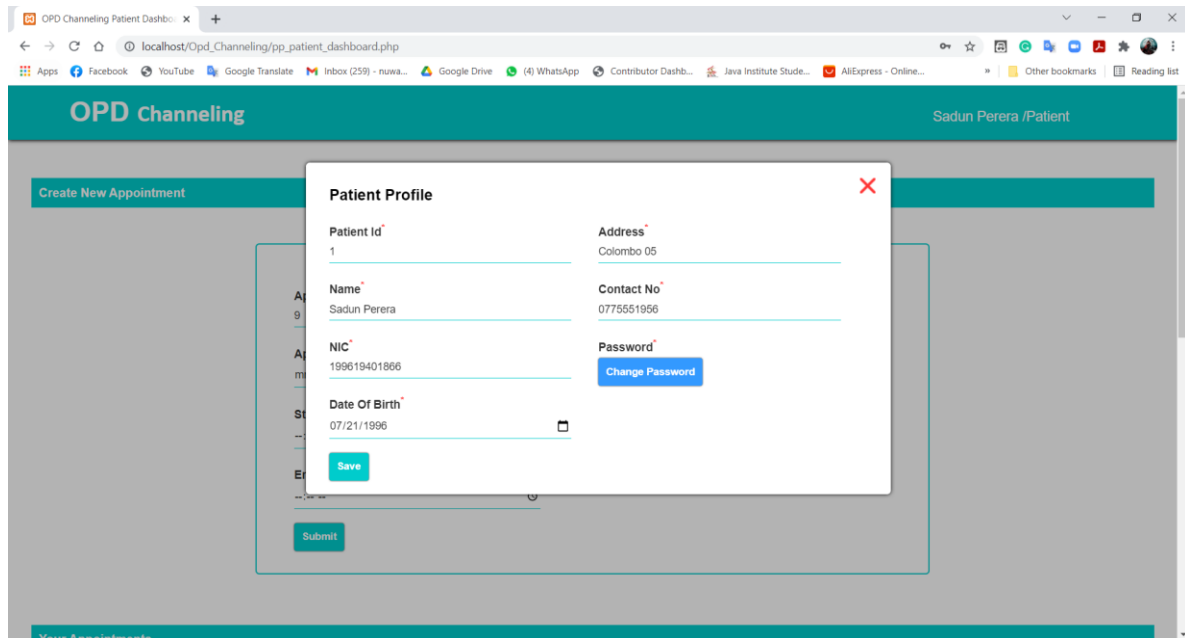

This interface is used to manage all the activities of a patient. Only the patients who registered in this web application can access this interface using their username and a password. The patients can manage their profiles and appointments using this interface. The "Search" button is used to search for an appointment and the red cross icon is used to remove an appointment.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 12

3. Name of relevant use case :

4. Title of the GUI : Patient Profile

The screenshot shows a web browser window with the URL `localhost/Opd_Channeling/pp_patient_dashboard.php`. The page title is "OPD channeling" and the user is logged in as "Sadun Perera /Patient". A modal form titled "Patient Profile" is displayed in the center. The form contains the following fields and buttons:

Field	Value
Patient Id	1
Address	Colombo 05
Name	Sadun Perera
Contact No	0775551956
NIC	199619401866
Date Of Birth	07/21/1996

Buttons: "Save", "Change Password", "Submit".

#### 01. Brief Description of the GUI:

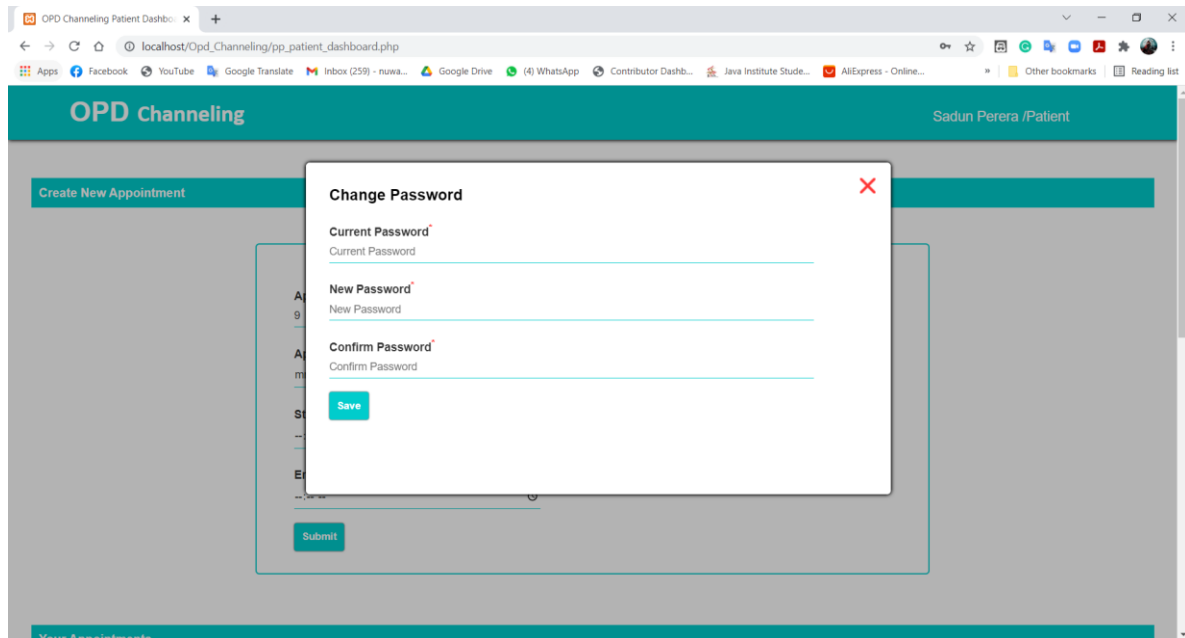

This interface is used to display and update the profile details of the logged-in patient. The "Save" button is used to verify and update the profile details changed by the patient.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 13

3. Name of relevant use case :

4. Title of the GUI : Patient Password Change

#### 01. Brief Description of the GUI:

This interface is used to change the patient password. The "Save" button is used to verify and change the password of the patient.

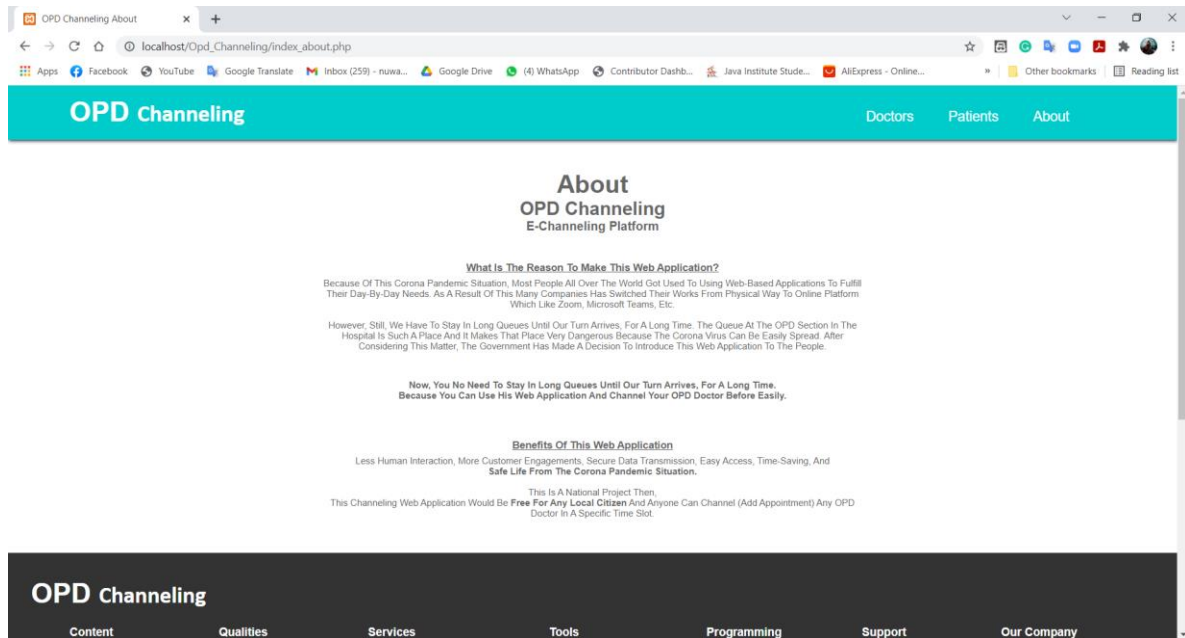

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 14

3. Name of relevant use case :

4. Title of the GUI : About

## 01. Brief Description of the GUI:

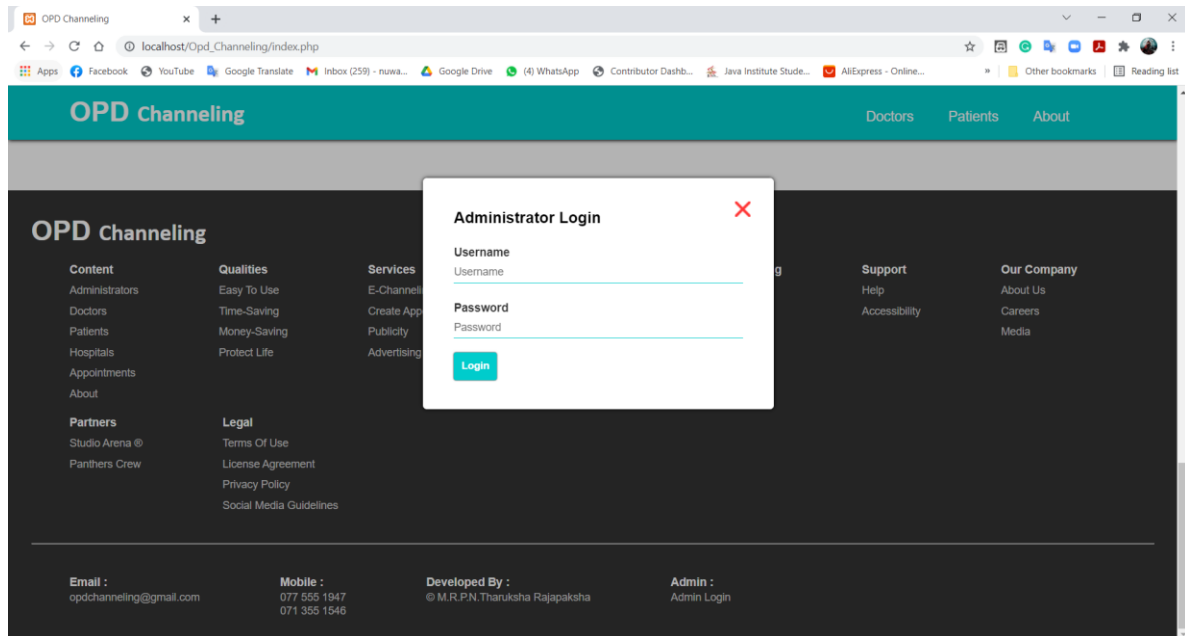

This interface is used to display descriptions of this web application.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 15

3. Name of relevant use case :

4. Title of the GUI : Admin Login

#### 01. Brief Description of the GUI:

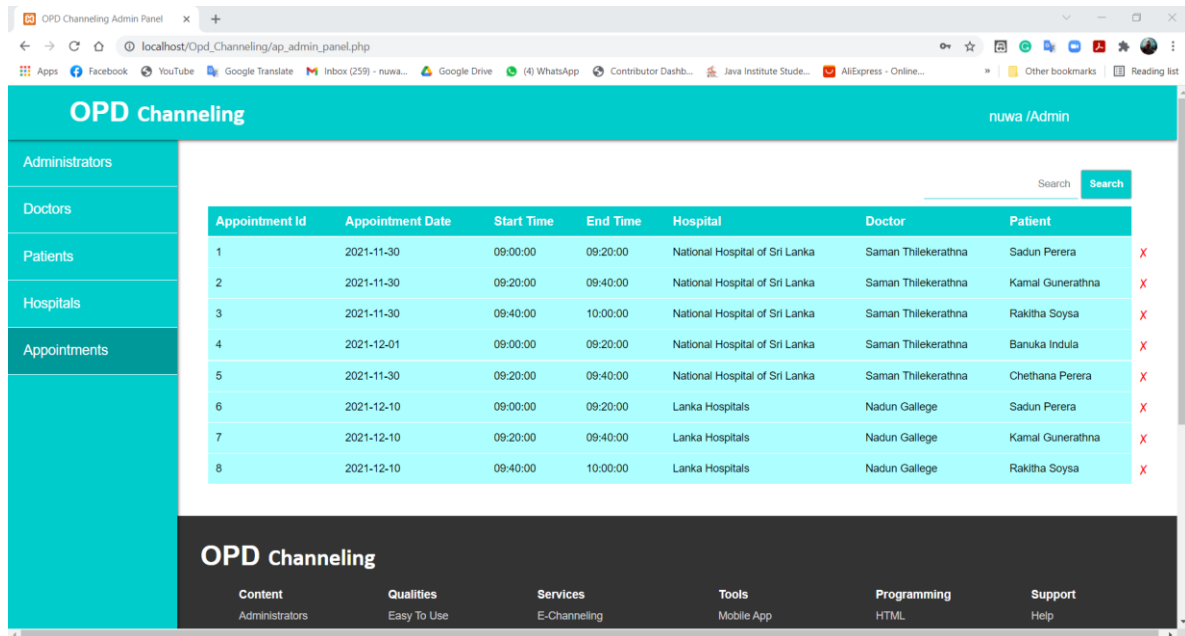

This interface is used to log in to the admin panel of this web application. The "Login" button is used to verify the username and the password entered by the admin and give the admin panel access to this web application to the admin.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 16

3. Name of relevant use case :

4. Title of the GUI : Admin Panel

### 01. Brief Description of the GUI:

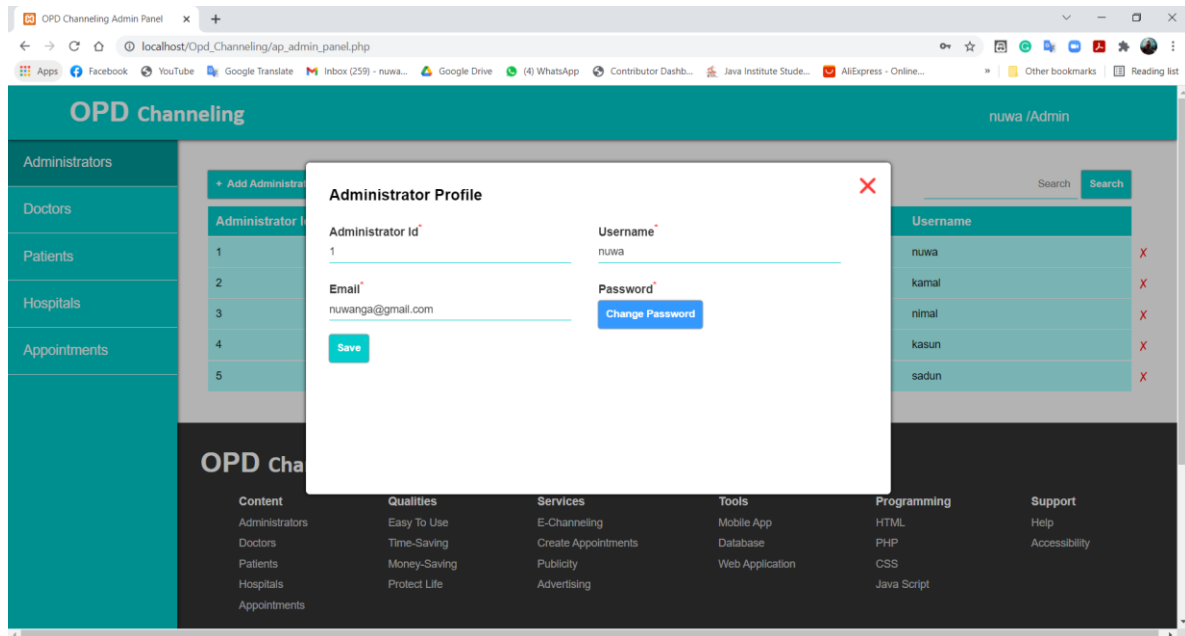

This interface is used to control all the activities of this web application. Only the admins of this web application can access this interface using their username and a password.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 17

3. Name of relevant use case :

4. Title of the GUI : Admin Profile

### 01. Brief Description of the GUI:

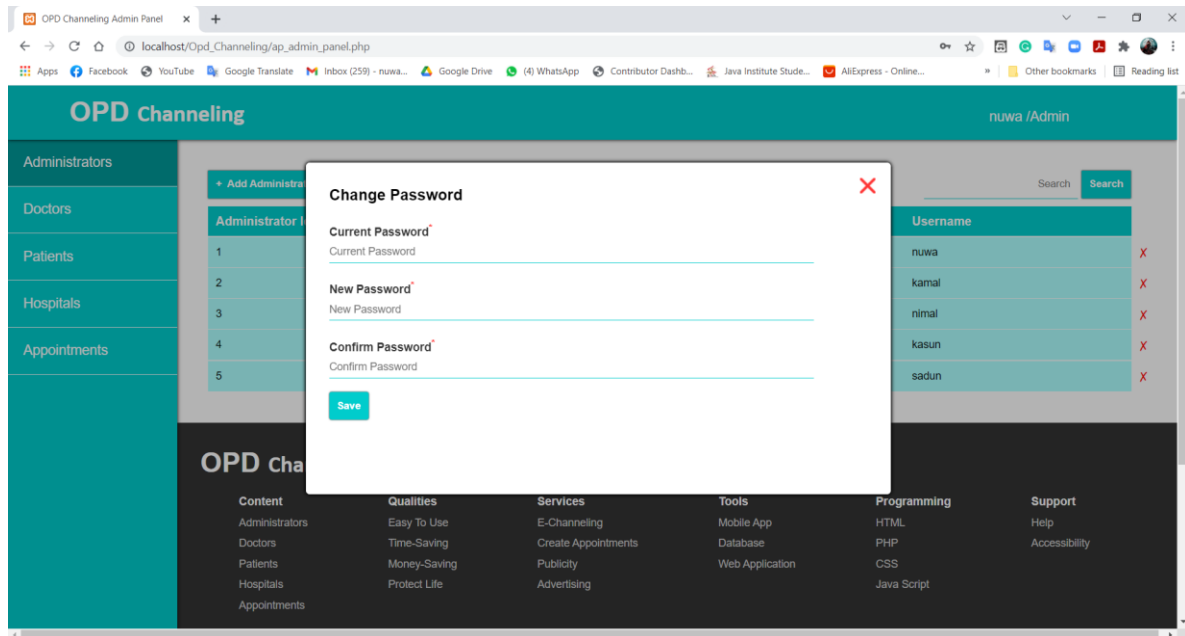

This interface is used to display and update the profile details of the logged-in admin. The "Save" button is used to verify and update the profile details changed by the admin.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 18

3. Name of relevant use case :

4. Title of the GUI : Admin Password Change

#### 01. Brief Description of the GUI:

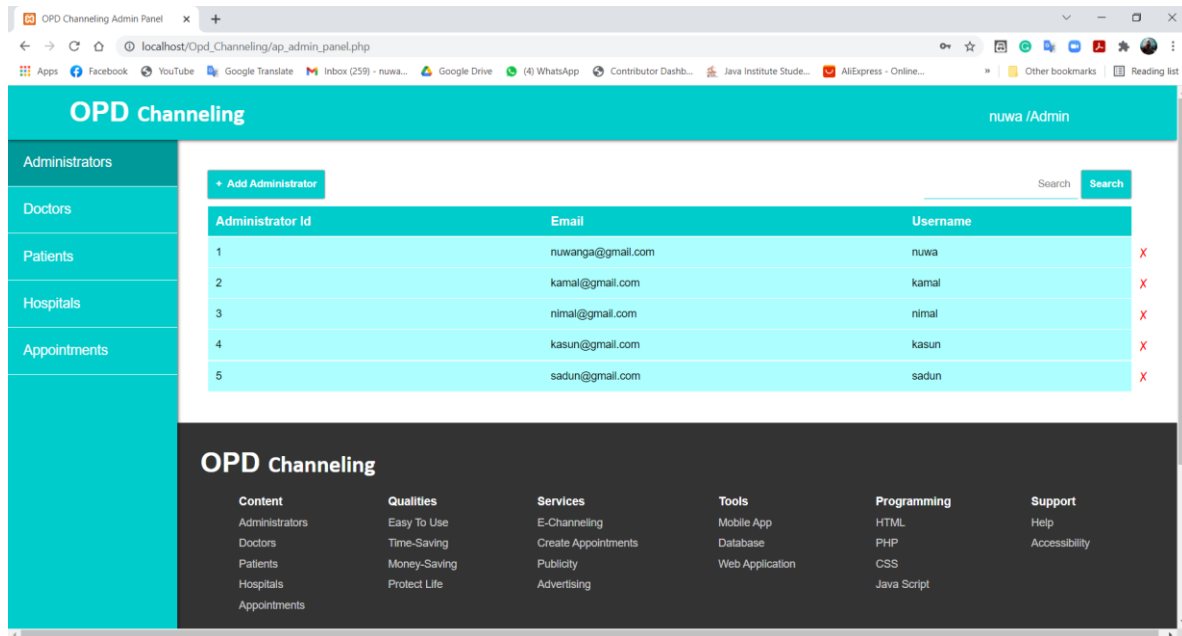

This interface is used to change the admin password. The "Save" button is used to verify and change the password of the admin.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 19

3. Name of relevant use case :

4. Title of the GUI : Administrators

### 01. Brief Description of the GUI:

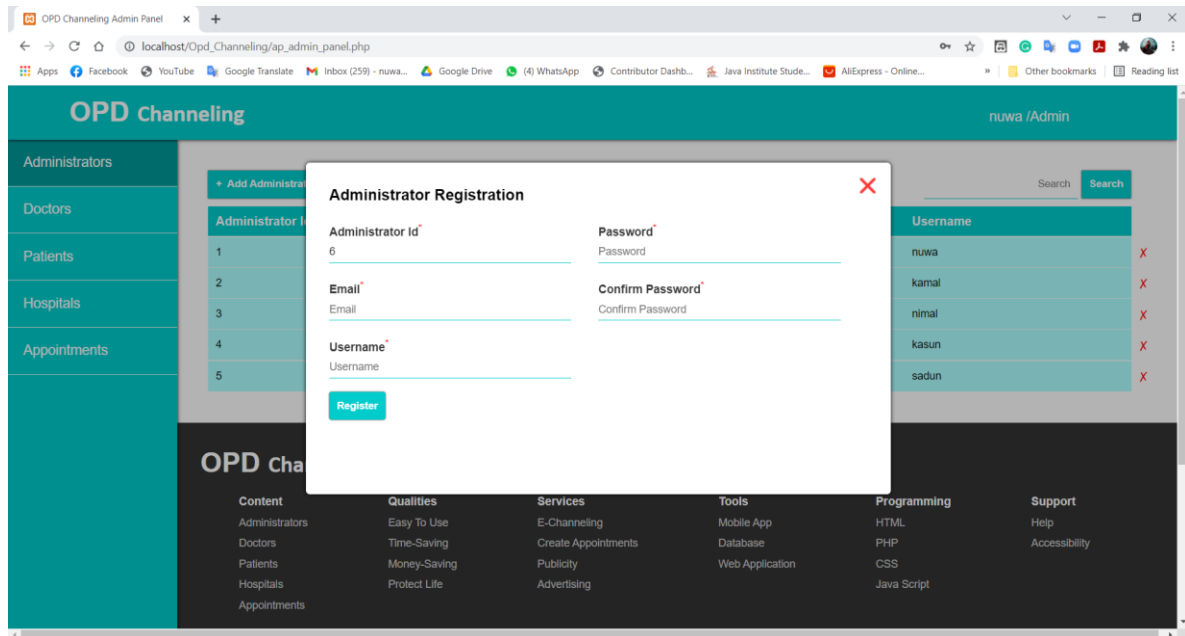

This interface is used to manage the administrators of this web application. The "Add Administrator" button is used to add a new administrator to this web application, the "Search" button is used to search an administrator of this web application and the red cross icon is used to remove an administrator from this web application.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 20

3. Name of relevant use case :

4. Title of the GUI : Administrator Registration

#### 01. Brief Description of the GUI:

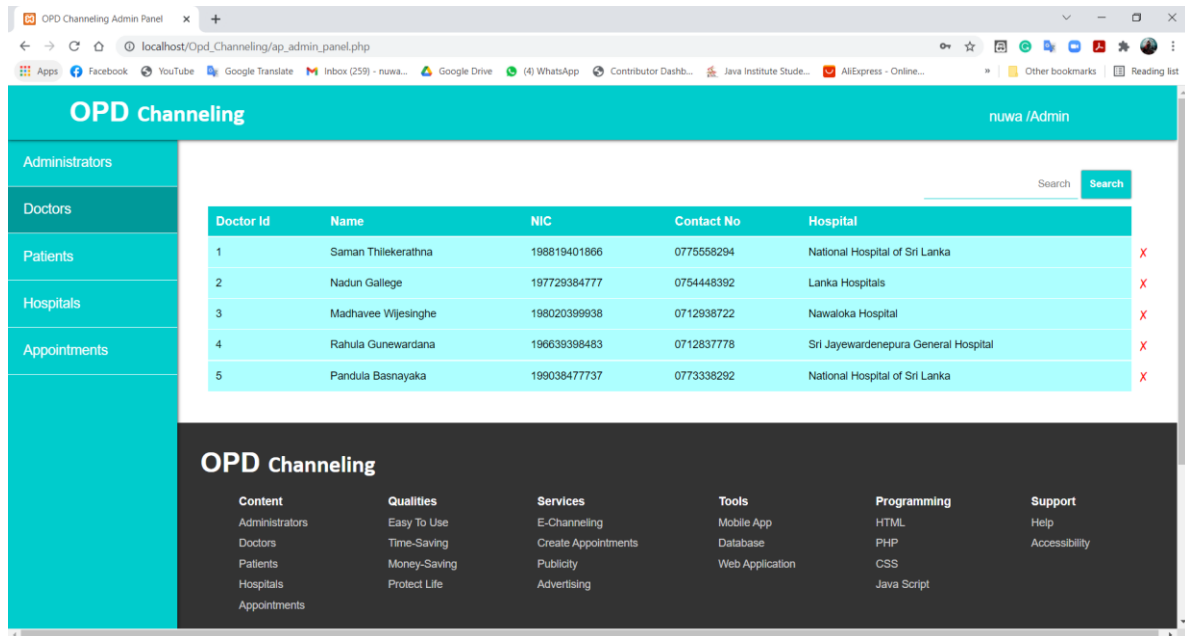

This interface is used to add a new administrator to this web application. The "Register" button is used to verify and register the details of a new administrator.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 21

3. Name of relevant use case :

4. Title of the GUI : Doctors

#### 01. Brief Description of the GUI:

This interface is used to manage the doctors. The "Search" button is used to search for a doctor and the red cross icon is used to remove a doctor from this system.

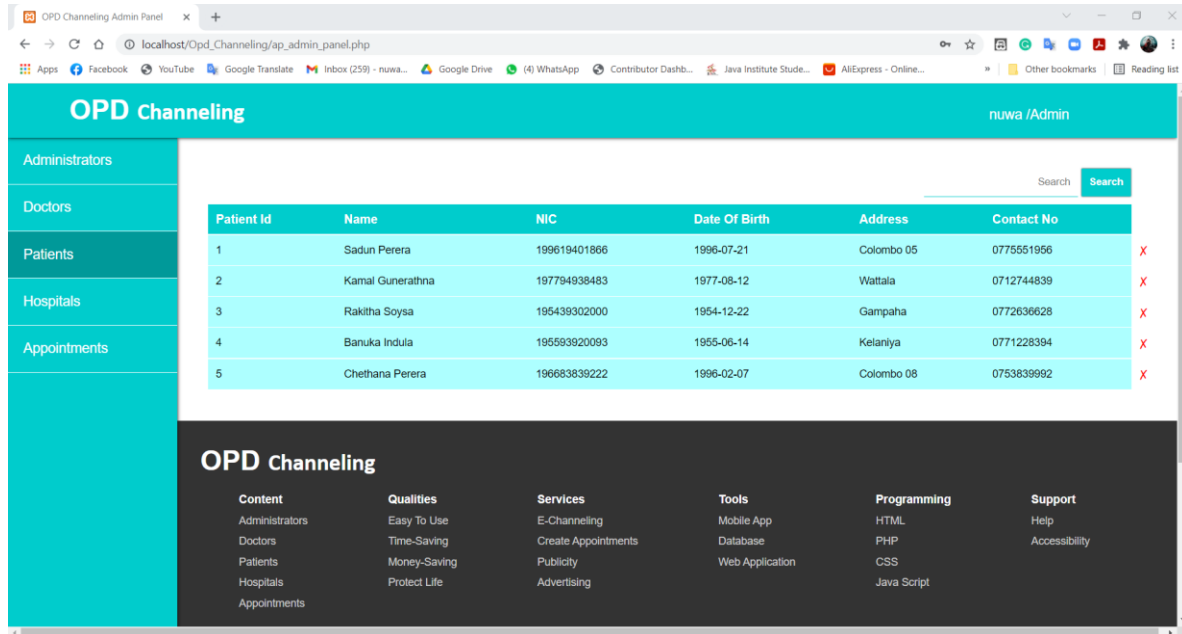

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 22

3. Name of relevant use case :

4. Title of the GUI : Patients

### 01. Brief Description of the GUI:

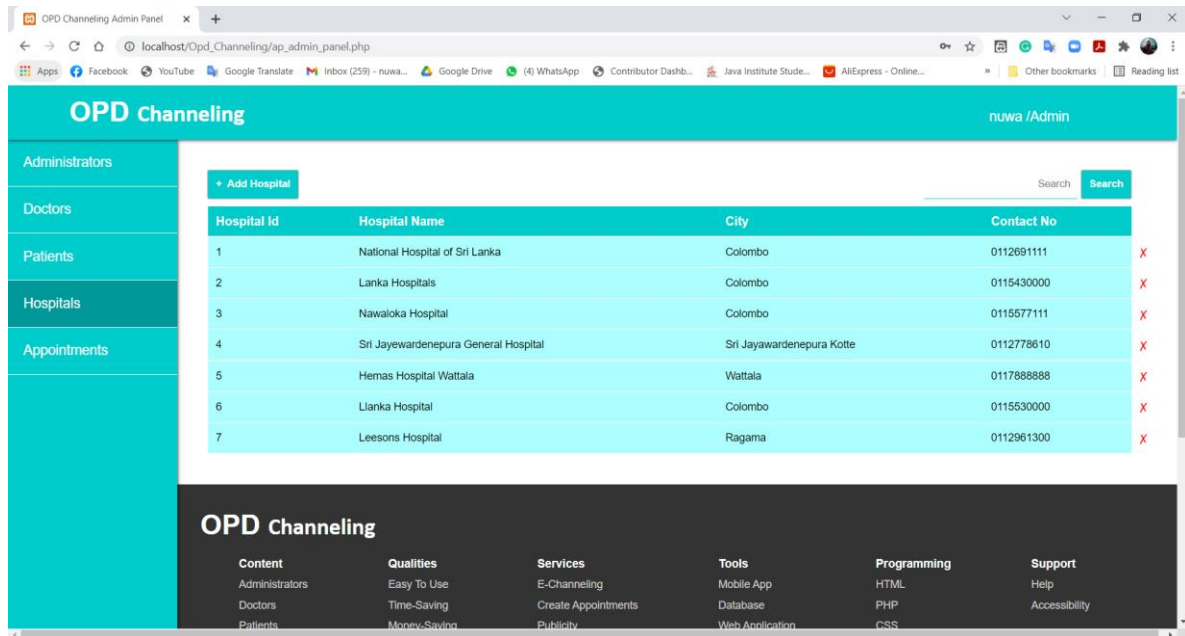

This interface is used to manage the patients. The "Search" button is used to search for a patient and the red cross icon is used to remove a patient from this system.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 23

3. Name of relevant use case :

4. Title of the GUI : Hospitals

#### 01. Brief Description of the GUI:

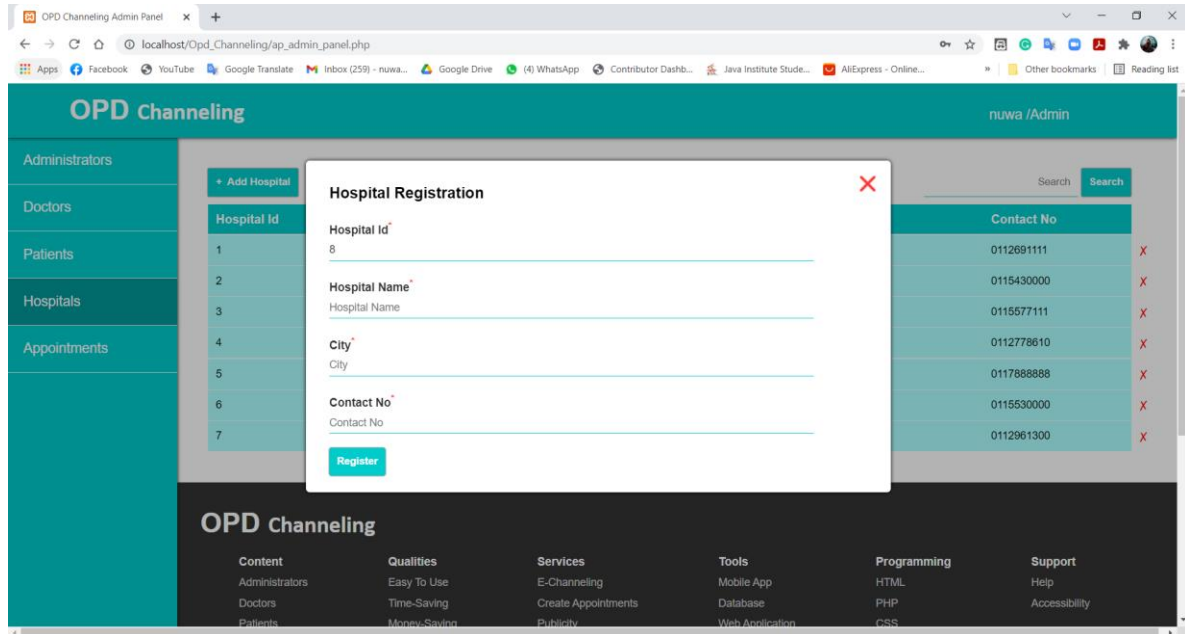

This interface is used to manage the hospitals. The "Add Hospital" button is used to add a new hospital, the "Search" button is used to search for a hospital and the red cross icon is used to remove a hospital from this system.

1. Candidate Name : M.R.P.N.Tharuksha Rajapaksha

2. GUI No : 24

3. Name of relevant use case :

4. Title of the GUI : Hospital Registration

The screenshot displays the 'OPD Channeling Admin Panel' in a web browser. The main header is 'OPD channeling' with a user profile 'nuwa /Admin'. A sidebar on the left contains navigation links: Administrators, Doctors, Patients, Hospitals, and Appointments. The 'Hospitals' link is selected. A modal window titled 'Hospital Registration' is open, featuring a table of existing hospitals and a form to add a new one. The table lists 7 hospitals with their IDs and contact numbers. The form includes fields for Hospital Id, Hospital Name, City, and Contact No, with a 'Register' button at the bottom.

Hospital Id	Contact No
1	0112691111
2	0115430000
3	0115577111
4	0112778610
5	0117888888
6	0115530000
7	0112961300

## 2.21 index\_about.php

```
<!DOCTYPE html>

<html>

<head>

    <meta charset="UTF-8">

    <title>OPD Channeling About</title>

    <link rel="stylesheet" type="text/css" href="css/index_style.css"/>

    <?php

    $msgDoctorReg = "";

    $msgDoctor = "";

    $msgPatientReg = "";

    $msgPatient = "";

    $msgAdmin = "";

    ?>

</head>

<body onload="header();">

    <?php include './index_header.php'; ?>

<center>

    <div class="text-container">

        <h1>About</h1>

        <h2>OPD Channeling</h2>

        <h4>E-Channeling Platform</h4><br><br>

        <h5><u>What is the Reason to make this Web Application?</u></h5>

        <p>

            Because of this Corona pandemic situation, most people all over the world got

            used to using web-based applications to fulfill their day-by-day needs. As a

            result of this many companies has switched their works from physical way to online

            platform which like zoom, Microsoft teams, etc.

        <br><br>

    </div>

</center>
```

However, still, we have to stay in long queues until our turn arrives, for a long time. The queue at the OPD section in the hospital is such a place and it makes that place very dangerous because the Corona virus can be easily spread. After considering this matter, the government has made a decision to introduce this web application to the people.

</p>

<br><br>

<p>

<b>Now, you no need to stay in long queues until our turn arrives, for a long time.<br>

Because you can use his Web Application and channel your OPD doctor before easily.</b>

</p>

<br><br><br>

<h5><u>Benefits of this Web Application</u></h5>

<p>

less human interaction, more customer engagements, secure data transmission, easy access, time-saving, and<br> <b>safe life from the corona pandemic situation.</b>

<br><br>

This is a National Project then,<br>

This channeling web application would be <b>free for any local citizen</b>

and anyone can channel (add appointment) any OPD Doctor in a specific time slot.

</p>
